GREETINGS

First of all, we would like to express our sincere gratitude to your esteemed company for giving AMAVI the opportunity to participate in the bidding for your new project.

We are AMAVI FURNITURE, specializing in manufacturing, design consultation, and installation of wooden doors and interior/exterior furniture, with nearly 20 years of experience in exporting to the American and European markets.

Since 2016, we have been focusing on developing the domestic market, undertaking various projects such as hotels, resorts, luxury condominiums, and have become a trusted name for investors in all aspects of manufacturing, design consultation, and full-package installation of interior/exterior furniture. With a factory area of over 20,000m² and a professional architectural design consulting system, AMAVI is committed to providing our customers with the best possible services.

Our products are not only aesthetically pleasing and durable over time but also optimized for functionality. This is ensured through our close supervision at every stage of production, from the selection of wood blanks, Japanese standard wood drying to achieve the required moisture content, precise tool design, the use of modern machinery and equipment, and operation by an experienced production team.

Some of our notable projects include Empire City Thu Thiem, Ecopark Hung Yen, The Song Vung Tau, Hope Residence Long Bien, Tuyen Son Da Nang Apartments, The Metropole District 2, North Park Condominium Cambodia, Charm Resort Long Hai, Resort & Residence X2 Hoi An, Aria Hotel & Resort Da Nang, etc.

It is known that your company is currently seeking suppliers for the package of interior-exterior decoration and installation of doors. With our experiences, we would like to provide your company with tender information and are confident in becoming the supplier for your project with the highest quality, fastest progress, and most competitive prices.

Thank you sincerely !

**AMAVI CONSTRUCTION AND
INTERIOR JOINT STOCK COMPANY**

CHIEF EXECUTIVE OFFICER

ABOUT US

On May 31st, 2016, Amavi Construction and Interior Furniture JSC. was officially established, specializing in manufacturing and construction of interior furniture and exporting with the business motto: "Reliability and Efficiency".

With the advantage of a dynamic and creative team, we place special emphasis on the quality of progress and meeting all the related tasks in design, construction, completion, and supply of interior products.

OUR STORY

VISION & MISSION

As the slogan closely associated with the core values of AMAVI, we are always committed to using clean and environmentally friendly raw materials, free from toxic substances and can be reused multiple times. The quality and aesthetic standards of our products often surpass the official standards set by AMAVI itself. We particularly emphasize harnessing human creativity, continuous learning, and applying advanced information technology platforms to deliver increasingly perfect interior projects in Vietnam with the highest quality. Over the years, AMAVI has become a trusted name for many investors and reliable partners.

HUMAN RESOURCES

AMAVI FURNITURE TEAM

MR. NGUYEN TRUNG KIEN

CEO - Chief Executive Officer

“We place special emphasis on the quality of progress and meeting all the related tasks in design, construction, and completion. In addition, we aim to build a modern and efficient business culture.”

AMAVI COLLECTIVE

Amavi Team

We always strive to develop new ideas for architectural and interior solutions, implementing creative and sustainable projects. Our philosophy is to accompany our clients in order to achieve the best results, benefiting all parties involved as well as the community.

OUR PLEASURE TO ACCOMPANY

CUSTOMERS & PARTNERS

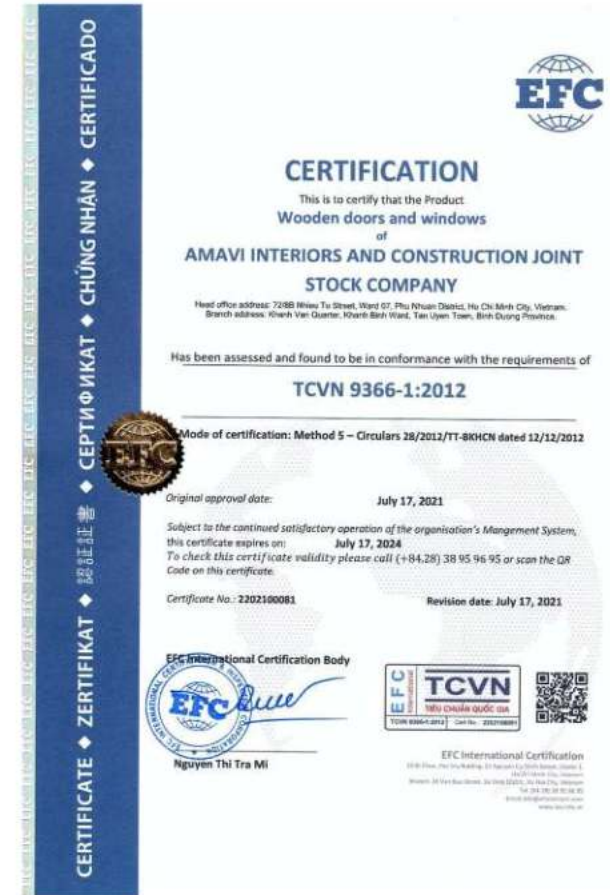

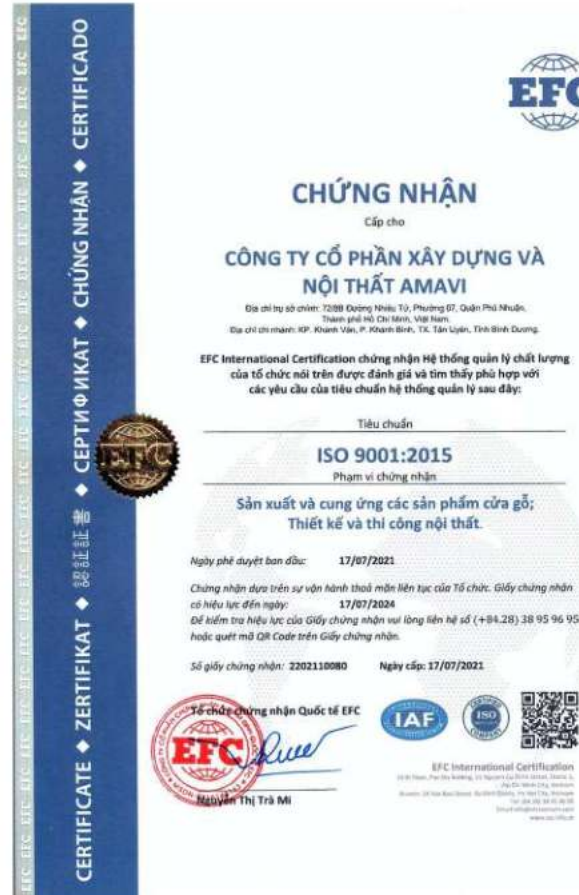

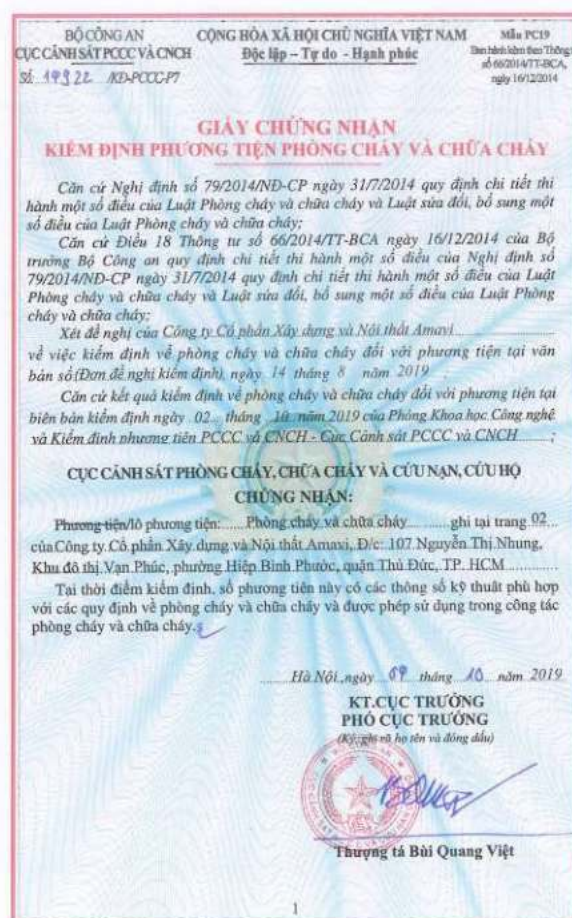

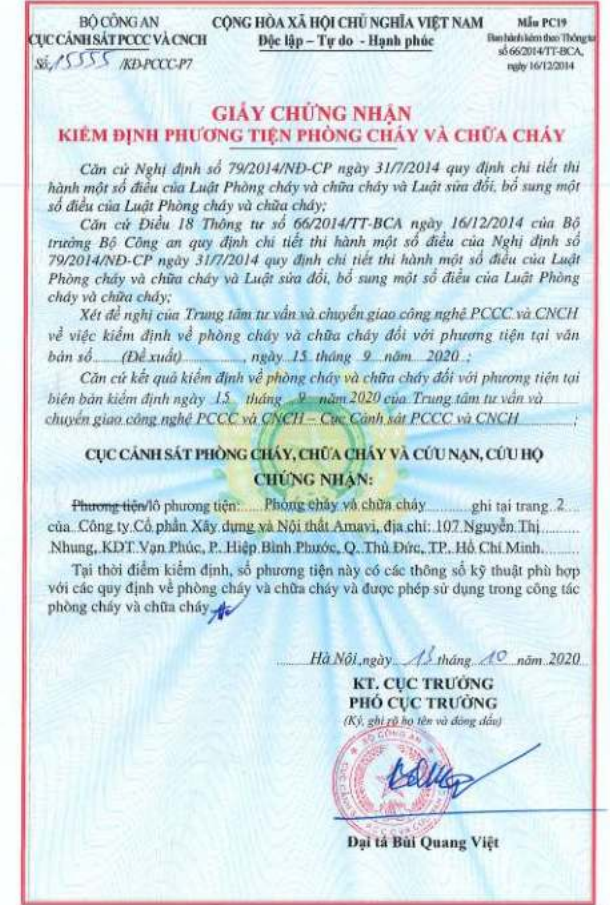

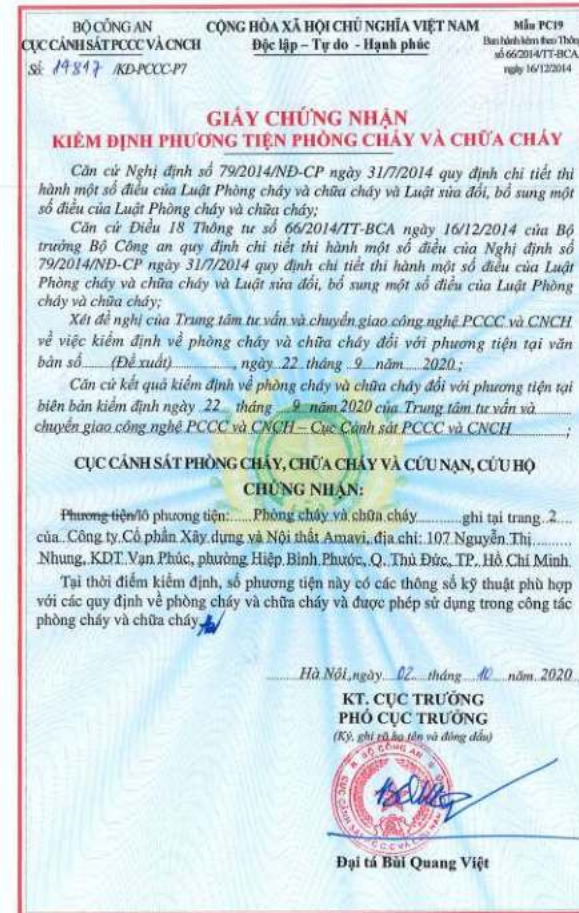

CERTIFICATIONS

AMAVI PRODUCTS

- Fire protection and firefighting vehicle certification EI60, EI70, EI90, EI120
- ISO 9001:2015 and TCVN 9366-1:2012 standard certification
- AMAVI's fire-resistant doors have been inspected and certified by the Fire Department, following the standards 9383, QCVN:06, and Decree 136 regarding firefighting vehicle regulations.
- Doors comply with the standard 9366-1:2012

PRODUCTION CAPACITY

We are honored to manufacture and export complete furniture packages for the European and American markets, notably for renowned hotel chains such as Hilton, Marriott, Sheraton, Wyndham Timeshare, La Playa Golf, and many more.

WITH OVER 20 YEARS OF EXPERIENCE,

AMAVI is committed to using environmentally friendly and clean raw materials that are free from toxic substances and can be reused multiple times. The durability, lifespan, and aesthetic standards of our products are often higher than our stated specifications. NANO technology is applied to our wood products to provide fire resistance, water resistance, antibacterial properties, and odor elimination. We guarantee that our products are free from Formaldehyde and heavy metal content.

AMAVI

ANTI-WARPING TREATMENT TECHNOLOGY

Premium natural wood doors are made from wood that has been thermally treated at high temperatures up to 230°C to eliminate nutrients on the wood surface and restore the water absorption function of the wood. This is the best way to remove moisture, enhance the wood's corrosion resistance properties, minimize cracking, deformation, and other related issues. Different carbonization processes are carried out based on the wood's moisture content in each region, meeting the specific needs of users in different areas.

TYPICAL MANUFACTURING EQUIPMENT & MACHINERY

ASSET NAME	IMAGE	FUNCTIONALITY	QUANTITY
Automatic edge banding machine 9 functions PRO-800AH (Holztek)		Edge banding 200 doors/8 hours	2 pieces
CNC center and multi-axis saw machine WM-1625RS (Woodmaster).		CMC nesting machine, processing complex details	1 piece
Double-sided adhesive roller machine SMBL-482 (including infeed and outfeed conveyor)		Apply adhesive to 1000 sheets per day	1 piece
SMWM EDGE L EVA automatic edge cutting and trimming machine		LProducing L-shaped door thresholds: 3000 meters per 8 hours	1 piece
4-sided planer with 6-axis: SMVK 623D		Processing of groove hooks, 4-sided planing	1 piece
